Dear Patient,

This booklet will guide you and your care-giver to join at the Pushya Hospital, Ahmedabad, India for your Medical Treatment.

We hope you will find it useful.

Once you complete your treatment at hospital, Kind request to give feedback how to improve this guide to make more informative.

if you have any other feedback, feel free to share it with us on email : info@pushya.org

Thank you for choosing Pushya Hospital.

Regards,

a unit of "Spine Clinic Ahmedabad Pvt. Ltd."

VACCINATION

YELLOW FEVER VACCINE

For all the individual travelling from East African Countries (Kenya, Tanzania, Uganda, Rwanda, Burundi) :

Patient who is travelling from East African countries requires taking yellow fever vaccine before 15 days of travelling. For further details please check www.hcinairobi.co.ke

ORAL POLIO VACCINE

• The Government of India has decided that all travellers to India, children as well as adults from republic of Kenya will need to have one dose of Oral Polio Vaccine (OPV) at least six weeks prior to entry into India.

• Accordingly, Government of India has decided to make it a mandatory requirement for all travellers from WHO-identified seven countries including Nigeria, visiting India to have OPV six weeks before departure for India. The OPV is valid for one year from the date of its administration. This mandatory requirement had been taken in effect from 30th January 2014. The OPV is also a mandatory requirement for all Indian Nationals visiting Nigeria and the remaining six WHO-identified countries i.e. Afghanistan, Ethiopia, Israel, Kenya, Somalia and Pakistan.

• Travellers of all age originating from any of the above WHO-identified seven countries may kindly ensure that they get OPV administered through a Government approved medical centre/clinic/Institute/Hospital(Like MP shah and Agakhan hospital) six weeks prior to their travel to India and carry along the polio certificate. This is a mandatory requirement with effect from 30.01.2014.
